As a Brand Partner, you can allow Customers to order products directly from the company through your personal replicated website.

3. TEAM COMMISSION (TC)

Reward yourself with generous team commissions as you begin to build a vibrant Vasayo team.

Requirements are as follows:

- Brand Partners must be Active and Qualified to earn TC (Team Commission).
- Active is achieved by maintaining a minimum 80 PV every four weeks. Qualified is achieved by maintaining one Active, personally sponsored Brand Partner in each placement tree leg. (In the U.S. market, one to eight Active Customers is also required).

Team Commission Cycles: When 240 CV has been accumulated on one of your team legs and 480 CV on the other, a team commission of \$28 will be paid out (240 CV / 480 CV for \$28). Brand Partners are able to earn up to 1,000 cycles x \$28 team commissions, totaling \$28,000 per BC (Business Center) weekly.

Number of Active Customers required for each rank group to qualify for Team Commission: In the U.S., 1 for Starter Ranks, 2 for Metal Ranks, 4 for Gemstone Ranks, 6 for Ambassador Ranks, and 8 for Crown Ranks. Active Customer means any Customer who purchases at least 35 PV worth of products every 4 weeks.

Carry Forward Volume: Unused volume will carry forward as long as you stay 80 PV Active. A 1:1 ratio rule applies when the Carry Forward Volume on the lesser leg is at least 30,000 CV. “1:1 ratio rule” means that the amount of Carry Forward Volume can only be used up to the amount of newly generated volume in the week for Team Commissions and rank advancement.

All Carry Forward volume will expire if an account does not maintain 80 PV during the 4 week rolling period. Mercy Clause: Brand Partners will have one (1) chance to reclaim expired Carry Forward Volume after it has been flushed.

Income and earnings from the Vasayo Rewards Plan are not guaranteed to any Brand Partner. Success depends on each Brand Partner’s skill, ability, and personal application. Purchase not required to participate in the Vasayo Rewards Plan.

4. TEAM COMMISSION MATCHING BONUS (TCM)

Based on your personal enrollment tree (downline), this matching bonus pays you for your efforts in supporting and boosting your active Vasayo team. And it's paid up to seven (compressed) generations deep.

Foundation Bonus (FB)

Earn **\$50** when **You Get 2!**

A \$50 bonus is paid to a Brand Partner who is at least 80 PV Active with both of the following requirements met: (1) has accumulated 240 PV and (2) has sponsored two Brand Partners—one on the left leg and one on the right leg—each with accumulated 240 PV.**

Example: If Bob accumulated 240 PV (through bonus period one), and he sponsored Mike on his left leg with accumulated 240 PV (through bonus period two) and Mary on his right leg with accumulated 240 PV (through bonus period three), then Bob will receive a \$50 Foundation Bonus as long as he is Active in bonus period three with at least 80 PV.

Earn **\$100** when **They Get 2!**

An additional \$100 bonus will be paid to a Brand Partner when his two Brand Partners replicate the above two requirements.

Example: Bob will receive an additional \$100 Foundation Bonus when his two Brand Partners (Mike and Mary) replicate the above two Foundation Bonus requirements.

* A Foundation Bonus may be earned on the same person only once; to earn additional Foundation Bonuses, a Brand Partner has to meet the requirements with additionally enrolled Brand Partners.

** PV (Personal Volume) may come from personal purchases and/or customer purchases.

GLOSSARY OF TERMS

Achieved Rank: This is the highest rank that a Brand Partner has been paid over any bonus period.

Active Brand Partner: Any Brand Partner who maintains a minimum of 80 PV every four weeks.

Active Customer: Any registered customer who has purchased at least 35 PV in the 4-week Active Status Timeline.

Active Status Timeline: Defined as four complete bonus periods—the current bonus period and the previous three full bonus periods. Personal Volume from orders placed during this timeline is added to determine at what Active status level Brand Partners are for rank and payout calculation determinations.

Bonus Period: Bonus periods are weekly beginning at midnight (12:00 a.m. MT) on Tuesday and ending at 11:59 p.m. MT on Monday.

BP/Brand Partner. Those who have signed up to distribute Vasayo products and enjoy the full Vasayo opportunity and lifestyle.

Brand Partner Ranks: As you progress toward building your Vasayo business, you'll work your way through multiple ranks that will determine your earning potential.

Carry Forward Volume: Unused volume will carry forward as long as you stay 80 PV Active. A 1:1 ratio rule applies when the Carry Forward Volume on the lesser leg is at least 30,000 CV. "1:1 ratio rule" means that the amount of Carry Forward Volume can only be used up to the amount of newly generated volume in the week for Team Commissions and rank advancement.

Example: Let's say you have 100,000 in carry forward volume on your left leg and 80,000 in carry forward volume on your right. In addition, you have 20,000 in new volume on your left leg and 5,000 in new volume on your right leg. Because the 80,000 CV on your right leg is greater than 30,000, the 1:1 ratio rule applies and your 5,000 in new volume allows you to use 5,000 of your 80,000 carry forward volume for a right leg total of 10,000 CV. You can use all of your 100,000 carry forward volume plus the 20,000 in

new volume for a total of 120,000. The remaining 75,000 CV (80,000 minus 5,000) on your right leg will carry forward.

All Carry Forward volume will expire if an account does not maintain 80 PV during the 4 week rolling period. Mercy Clause: Brand Partners will have one (1) chance to reclaim expired Carry Forward Volume after it has been flushed.

CV: Commission Volume. This is the second of two volumes assigned to all orders. This volume is used to determine binary tree volumes, PET-V volumes, and any payout calculations (e.g., Team Commissions). 50% of all Customer Volume is rolled upline.

Customer: A person that purchases product either directly from a Brand Partner or through a replicated website. A Customer does not retain a position in the Binary Tree and cannot enroll other Customers or Brand Partners.

Cycle: A cycle is paid out weekly at the rate of \$28 per cycle. You can earn up to the following cycles/USD for each of the following ranks: Starter Group through Executive Brand Partner can earn up to \$2,500; Bronze \$5,000; Silver \$7,500; Gold \$10,000; Platinum \$12,500; Pearl \$15,000; Blue Sapphire \$17,500; Ruby \$20,000; Emerald \$22,500; Diamond, Black Diamond, Royal Black Diamond & Imperial Black Diamond \$25,000; Crown Blue Diamond and up 1,000/\$28,000.

Downline: The people on your team. Consists of Brand Partners you've enrolled and any enrolled after you in the line of sponsorship.

Enrollment Tree Max Volume Per Leg: Enrollment Tree Volumes are tracked within each leg, respectively. This is used for rank advancement determinations for certain ranks that require a specific amount of Enrollment Tree Volume with a maximum amount coming from any one individual leg.

Lesser/Greater Binary Leg Volume: The Binary Tree is split into two different legs (left and right). The volume placed by Brand Partners/Customers in either leg is added to determine the total volume for each of these legs. Once the volumes have been added, the Lesser and Greater legs are determined based off of the total volumes.

Paid-As Rank: This is the rank that a Brand Partner is paid at for a bonus period.

PE Active L/R Count: Qualified Brand Partner and above requires that a Brand Partner have a set number of personally enrolled and Active (80 PV+) Brand Partners that are placed on the left and right sides of the binary tree.

Personal Enrollment Tree Volume (PET-V): Enrollment Tree Volume is determined by adding all volume placed by all Brand Partners in your enrollment organization (i.e., personally enrolled Brand Partners, their personally enrolled Brand Partners).

PV: Personal Volume. Generated through your personal and Customer purchases. PV is used for Active status determinations. Personal Volume over 160 PV accumulated during the 4-week bonus period will roll to the Lesser Leg for rank advancement and payouts.

Placement Leg: Your downline and their location in your organization. You can choose which leg to place a new Brand Partner in order to provide maximum strength for your team.

Qualified: For a Brand Partner to be considered as Qualified, they must have at least two personally enrolled Active Brand Partners—at least one must be placed on the left Binary Tree leg, and at least one must be placed on the right Binary Tree leg.

Qualified Brand Partner: Any Brand Partner who maintains one Active personally sponsored Brand Partner in each placement tree leg. (In the U.S. market, one to eight active customers are also required.)

Qualified Enrollment Tree Leg: Some ranks require that a Brand Partner have a certain number of enrollment tree Qualified legs. This means that in an individual leg a Brand Partner has at least one Brand Partner paid at the required rank or above. For example, if a rank requires three Diamond legs, then this means that the Brand Partner is required to have three separate enrollment tree legs that have at least one Paid-As Diamond or above somewhere in each one.

Upline: Includes the Brand Partner who originally enrolled you and everyone sponsored before you within the line of sponsorship.
