The M PowerMatrix™ is a NEXT GENERATION COMPENSATION PLAN. M Global has taken the fast build and team spillover benefits of a binary and combined it with the reward structure and stability of a unilevel, then smashed them together, making the ultimate PowerMatrix. The PowerMatrix rewards both retail and member orders.

M GLOBAL COMPENSATION PLAN

For the M Global Compensation plan, you can sell products to retail customers and earn recurring commissions through a 12 level deep comp plan.

COMMISSION QUALIFICATION

In order to qualify for commissions, you must generate at least 60 PV per month. PV stands for “Personal Volume” and is sales volume generated by your own purchase of product and that of your retail customers.

RETAIL PAYOUT

You’ll get paid when you sell their products to customers.

You buy the products at wholesale and sell them at retail prices and earn profit. The retail commission paid out is calculated as the difference between the retail and wholesale cost of products ordered.

For the Stik range of M Global products, you earn \$5 per box sold.

COMMISSION PAYOUT

Every time you bring in a new member in M Global that buys a retail pack, you can get commissions on that.

The amount of commission will depend on which package they buy:

- Sponsoring a \$199 retail pack affiliate pays a \$75 commission
- Sponsoring a \$499 retail pack affiliate pays a \$150 commission

If you're able to get 8 people in your business in 8 weeks, and they buy one of those product packs, you can get another \$250 (\$199 pack) or \$500 (\$499 pack).

RESIDUAL PAYOUT

Residuals are paid through a multi-level compensation plan.

Here's how it works:

- You
- Level 1: Personally enrolled members
- Level 2: Level 1's personally enrolled members
- And so on ...

The plan is 12 levels and pays you 5% of the sales volume generated through those levels.

RESIDUAL COMMISSION PAY OUT

Recurring commissions are also paid through a 2×12 compensation plan structure.

Again, you are paid 5% of the sales volume generated.

Now you get paid only certain levels depending on your overall Group Volume (GV):

- 0 to 479 GV = Qualified to earn on levels 1 to 4 of the matrix
- 480 to 1999 GV = Qualified to earn on levels 1 to 6 of the matrix
- 2000 to 4999 GV = Qualified to earn on levels 1 to 8 of the matrix
- 5000 to 49,999 GV = Qualified to earn on levels 1 to 9 of the matrix
- 50,000 to 99,999 GV = Qualified to earn on levels 1 to 10 of the matrix
- 100,000 to 199,999 GV = Qualified to earn on levels 1 to 11 of the matrix
- 200,000 GV or more = Qualified to earn on levels 1 to 12 of the matrix

Group Volume is sales volume (PV) generated by you and your recruited downline.

REWARDS

M Global sets aside 5% of global sales volume to reward affiliates with “leadership awards, trips, incentives and quarterly leader bonuses.” Those with the passion to help others, move quickly, and lead teams can earn significant incomes and get rewarded unlike any other opportunity.
