## **Coded Bonus**

### **Coded Bonus**

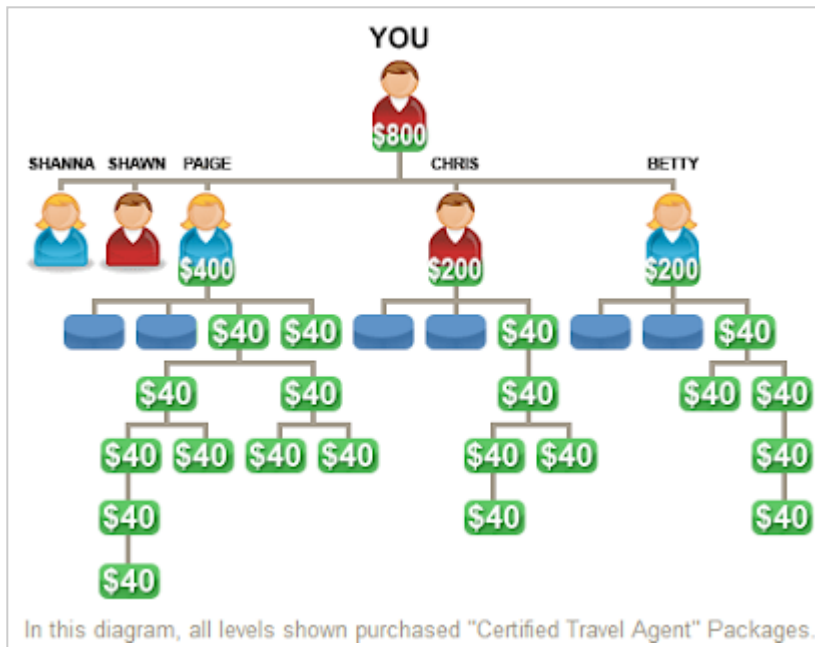

Qualified Agents are paid "Coded Bonus" commissions on all personally generated sales after your first 2 sales – with no limits. So, beginning with your third personal sale, you will be eligible to earn both the "Personal Sales" commissions AND "Coded Bonus" commissions.

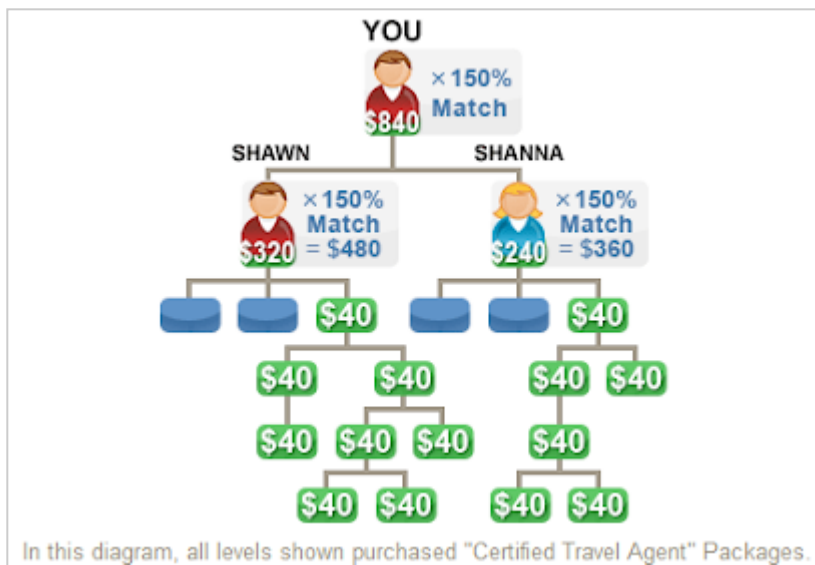

**Not only will you be "coded" to these sales, but you will be "coded" to their first 2 sales and the first 2 sales of their first 2 and so on.**

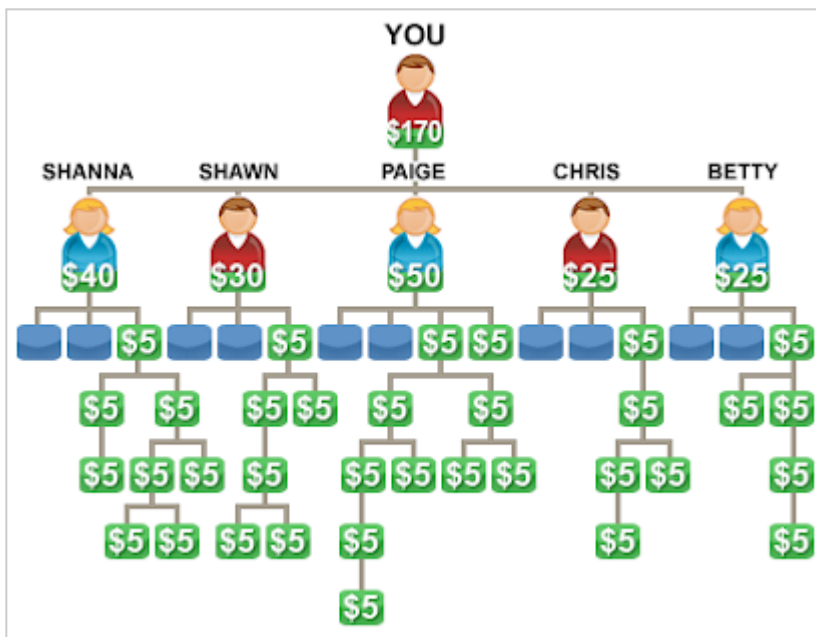

## 100% Matching Coded Bonus

## 150% Matching Coded Bonus

## Matching Residual

## Executive Coded Bonus

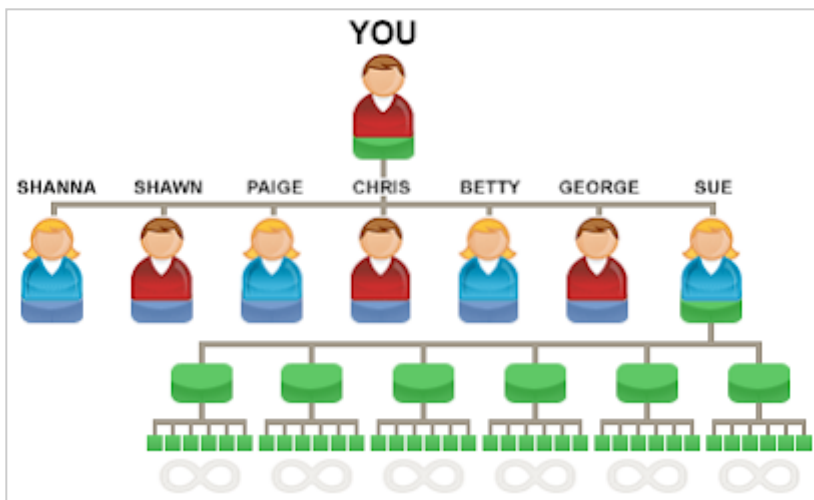

### Executive Coded Business Builder Program

If you are a Qualified Traverus Executive, starting with your seventh personally enrolled Agent and continuing with unlimited width you are eligible to receive a "Business Builder Leadership Bonus." The bonus is paid starting with your seventh person, personally enrolled, then paid on that persons first six personal enrollments, then that persons first six enrollments etc., to infinity. This "Executive Coded Business Builder Program," is paid one time only when a new Agent is enrolled in your organization as outlined above. The amount of the "Executive Coded Business Builder Program" is \$5 dollars to Executives, \$7 dollars to Regional Executives, \$10 to National Executives, \$12 to International Executives and \$15 to Presidential Executives.

### Executive Matching Coded Business Builder

## Program

When you develop Executives within your organization that are qualified for the "Executive Coded Business Builder Program," there is an "Executive Matching Coded Business Builder Program," that is paid to the first qualified upline National or above. The amount of the "Matching Payment" is equal to the "Bonus" earned. As with the "Business Builder Leadership Bonus," the Matching payment is paid one time only when a new Agent is enrolled in your organization.

## 3x9 Matrix Residual Bonus (Agents Only)

Starting the month following a Sale, commissions for the "Matrix Residual Bonus" can be earned. (If you make a sale in April of 2008, that person will immediately be placed in your matrix; you will not be paid on that new sale, in the matrix until the following month. In this example, May of 2008. You will be paid on June 15th for your May matrix.) The Power Matrix design is a 3x9 Forced Matrix. That means when qualified, it pays 3 levels wide by 9 levels deep. In a 3x9 matrix, each level triples in size

starting with 3 on your first level (second level equals 9, third level equals 27, and so on).

To be "qualified," you must have a minimum of one active, personally enrolled agent. If for any reason you do not meet the minimum requirement for qualification at the end of any given month, you will not be paid.

When you follow our proven education and marketing systems, once your matrix commissions are enough to pay for your monthly subscription fee, we will automatically deduct it from your TraVerus Commission Program check, so you will never pay "Out-of-Pocket" – That's Incredible!

## RTC/CTA & Platinum Travel Club Matrix

### Qualification Levels

When you become an active Agent that personally generates one "Travel Agent Package" Sale, you are eligible to earn "Matrix Residual Bonus" commissions. If you personally generate one sale you are eligible to earn commissions through four levels of the Matrix. At three personal Sales you earn five levels, five personal sales you earn six levels. At seven personal sales you earn seven levels.

Once you have made seven personal sales you are eligible to participate in the "Traverus Platinum Travel Club.," and also participate in the Executive promotional programs. In the event an Agent would like to progress deeper into the Traverus Travel Network compensation plan they must enroll in and maintain their participation in the "Platinum Travel Club".

To be a member of the "Platinum Travel Club", you must sell a minimum of one Platinum Travel Club membership monthly. (Which may be your own membership.) The monthly recurring cost of the "Platinum Travel Club" is \$99.95. When you achieve the organizational depth (requirements shown below) you become eligible to earn commission on level eight and level nine. You must have the minimum number of active Agents on the last calendar day of each month to earn income from that respective level in your matrix.

Considering the fact that each level triples in size – this can be a tremendous amount of "Residual Income".

Very simply, in a 3x9 forced matrix, a maximum of three sales fit on your front line, and all other sales made by you or those above you are forced down to your second level and beyond – called "spillover." When those below you make sales, they too can only have three on their front line, so all others "spillover" to the next level. In the event that an Agent in your matrix is Terminated or Cancelled your matrix will dynamically compress bringing people from directly below the affected position up

higher in your pay line. In the event that an Agent is suspended for more than 60 days then that Agent will also be purged from the system and the matrix will compress once again.
