IM Mastery Academy Compensation Plan & Full Pay Structure Breakdown

How Does IM Mastery Academy Compensation Plan Work?

This compensation plan is both simple to understand and pays out generously, let me show you below....

I will go into more detail in a moment but you basically have 3 legs that your pay plan consists of with unlimited depth of earning potential.

You want to structure your pay structure as even as possible because you will not be able to earn off of just one runaway leg with a ton of volume and the other 2 empty.

We have people working this company that has never made a dime online or with any other Network Marketing company making some incredible income with how this pay plan is structured and with the product that we offer.

The way it breaks down is that when you are able to sponsor just 12 people into your organization and have them balanced within 3 legs with no more than 40% of the commissionable volume coming from 1 leg, you will be making \$600 per month!

The woman on the right has long brown hair and is wearing a blue top. The background is slightly blurred, suggesting an office or meeting environment. A teal semi-transparent overlay covers the bottom half of the image, containing the text.

How are the IM Mastery Academy Commissions Structured?

The compensation plan is structured as a unilevel compensation plan.

This means that all your personal referrals will be placed on your 1st level.

But with how this compensation plan is structured you will have a holding tank.

The holding tank basically holds your referrals for 10 days and you will also have the ability to place those personal referrals under people on your team.

So even though the commission plan is structured as a unilevel which is traditionally 1 level for all your personals you can actually stack them to just concentrate on a certain amount of legs of your choosing.

Now with that said, the compensation plan is structured in a way that when you are starting out you will want to concentrate on building only 3 legs.

Like I mentioned above you can earn \$600 per month with just 12 people on your team in 3 legs whether they are your personals or referrals from one of your personal referrals or team members on those 3 legs.

Commission Plan Breakdown

There are 2 ways to join as a CUSTOMER or IBO, you can also do BOTH, but you will have huge advantages with where the compensation plan is concerned.

The first section of the Platinum Level would be...

The Platinum Bonus

The Platinum Bonus is paid weekly and is considered a fast start bonus when compared to most other MLM companies.

This is paid out when you refer people to this company and they upgrade to the Platinum Level.

These commissions are also paid out weekly.

So when you refer someone and they upgrade to the Platinum Level you earn a \$25 commission payout, if they upgrade to Elite Level you earn \$50,

So when you refer 10 at the Platinum Level you earn \$250 and if you refer 10 at Elite level you earn \$500 which will also be paid out weekly.

These bonus commissions are always nice for companies to include especially for those that pay to advertise so that you can get some type of return on your paid adverts.

Here is a chart to get a visual on the Platinum Bonus levels:

LET'S TALK COMPENSATION.

Weekly Residual Income

Unlike other companies, IM Mastery Academy pay out the residuals weekly!

IM Mastery Academy are the first company to bring weekly residual commission checks paid out to your bank account. They have been around for over 6 years building a strong reputation for fantastic products and lucrative compensation plan.

Your weekly residual will depend on your rank in the business.

The residuals consist of as little as \$37.50 per week all the way to \$125,000 per week depending on your rank qualification.

If you are a **Platinum 150** you can be earning up to \$150 per month or \$37.50 per week.

For a **Platinum 600**, you can earn up to \$600 per month or \$150 per week.

This is the rank where when you sponsor just 12 people in 3 legs you will be earning \$600 in commissions monthly which is a **REALLY** strong pay plan compared to **ANY MLM** company out on the market today.

Then the higher you go in rank the more money you can make per week.

I have included a compensation plan chart explaining the difference in levels of the commission pay structure you can earn when you reach certain ranks listed below.

LET'S TALK COMPENSATION.

RANK	QUALIFIED GV	AKTIVE KUNDEN
CHAIRMAN 500	4350000	30000
CHAIRMAN 250	2175000	15000
CHAIRMAN 100	725000	5000
CHAIRMAN 50	362500	2500
CHAIRMAN 25	181250	1250
CHAIRMAN 10	72500	500
PLATINUM 5000	32625	225
PLATINUM 2000	10875	75
PLATINUM 1000	4350	30
PLATINUM 600	1740	12
PLATINUM 150	435	3

***Please Note...** as long as you maintain your rank each week, you will get paid out the amount shown every week in commissions shown reflecting the chart I have included above.

So you see with just the IM Mastery Academy residual compensation plan part of it can really be life-changing income when you reach certain ranks.

Chairman Infinity Bonus

This is seen as the most powerful aspects of IM Mastery Academy compensation plan structure to earn money.

I will beg to differ simply because I feel that the residual income aspect yields a strong enough return upfront that keeps members happy with weekly payouts.

The fact that you don't need too many personal referrals to earn a decent income.

As a matter of fact, you only need 2 referrals to break even with your monthly requirement!

But let's break down this part of the compensation plan and you can be the judge.

These bonuses start when you hit the Chairman rank.

These bonus commissions are also paid out **ON TOP** of your residual commissions.

So basically, once you reach the rank of Chairman you will earn up to 2% of your total volume per leg down to the first matching rank.

So these percentages listed are per leg!

These are paid out down to total members also per leg unless there's someone on that leg that has the same rank or higher than you.

In that case, that percentage will run down until it hits that person.

I've included a chart to include a visual understanding to help you understand this part of the commission plan.

	Chairman 10	Chairman 25	Chairman 50	Chairman 100	Chairman 250	Cha 5
*GV Payout	1%	1%	1%	1%	2%	.
*Max Per Leg	\$1,000	\$2,500	\$5,000	\$10,000	\$20,000	\$4

Also, these commissions represent a max that you can earn per qualifying rank that you reach, and also is paid "up to" those commissions listed.

Some of the payouts listed are:

Chairman 10, which pays 1% per leg and "up-to" \$1000 per leg.

Chairman 25, which pays 1% per leg and "up-to" \$2,500 per leg.

All the way up to **Chairman 500, which pays 2% per leg and "up-to" \$40,000 per leg!**

Very substantial commissions can be earned here with this part of the compensation plan but it will take some work to get to these ranks, and for that reason alone is why I feel the residual commission part of the commission plan is where I feel it's most powerful where people get excited to keep building and growing their teams to eventually get to the ranks listed here.

Rank Achievement Bonus

This bonus is a reward for staying in the business and staying committed to taking the time to build your business long-term and very large and strong.

The first half of these bonuses are paid out one time for reaching these ranks and maintaining them for 3 consecutive months.

And the other half will still need you to maintain the rank for 3 months BUT will be paid out for multiple months.

Now most companies that I've encountered only have a rank achievement bonus that pays out, but usually only one time.

I don't think I have come across a Network Marketing company that pays out a rank advancement bonus for consecutive months and that is why this part of the commission plan is very lucrative, innovative, and is very strong.

I've included a chart below that illustrates the amount earned when you reach the qualifying ranks that qualify you for this bonus.

	Platinum 2000	Platinum 5000	Chairman 10	Chairman 25	Chairman 50	Chairman 100	Chairman 250	C
Bonus	\$500	\$1500	\$5000	\$10,000	\$25,000	\$100,000	\$150,000	\$
*Payout Period	1 Month	1 Month	2 Month	2 Months	6 Months	12 Months	24 Months	

Rank Qualifications

This final section is about how to achieve the lucrative task of moving up in rank.

By moving up in rank you can see the income potential that is possible with how this commission structure is laid out.

This compensation plan is structured as a unilevel meaning that you can have unlimited legs... BUT to maximize this compensation plan it is best to only build 3 and you can do this due to the holding tank, which means that every new member that you personally sponsor will not be placed for a short amount of time until the system either places that member for you on your front line or when you manually place that member underneath another team member on any of your legs!

This is a really great tool for you to use to maximize this pay plan and help your team grow with downline members seeing momentum, and to help with recruiting leaders into the business as well. Here is a list of the ranks and what you will need to do to qualify for each rank advancement:

****Note:** You will need PSV (personal sponsored volume) and group or team overall volume to reach each ranking level which is illustrated on the chart, after Chairman 100 you will need additional ranking factors to hit the higher levels listed below. You cannot have any 1 leg producing 40% of all the group volume and there is also a customer rule as well (refer to chart).

There may be acronyms for certain verbiage of what is being explained below like PSV (personal sponsored volume) that you might not understand but I will include a guide below to explain what each one means.

What’s The Cost To Join IM Mastery Academy?

When you are ready to join IM Mastery Academy there are 2 options that you will have when you join.

I will give you a brief overview of both the cost and what it entails.

1. **If you join as an IBO, the cost is \$16.71** with a monthly renewal of \$16.71 to keep your business active.

Being an IBO lets you share the IM products and services with others while taking part in the Compensation Plan.

There is no requirement to purchase the Platinum Package as an IBO, though we highly recommend it.

****There is NO volume that contributes to the compensation plan at the IBO level.**

2. If you decide to join with a Platinum Starter Pack as a Customer, **the startup cost is \$234.95 with a monthly renewal of \$174.95.**

****Your monthly Platinum Package generates 150 in volume each month subscribed that contributes to the compensation plan.**

Note: A Platinum Package gives you access to all of the IM Mastery Academy products.

You can purchase the Platinum Package as just a retail customer or as an IBO.

So you see you have 2 options to join CUSTOMER and IBO and both will let you earn commissions from sponsoring people into the company but as you can see through my commission plan breakdown you will have more benefits with becoming BOTH.
