GETTING STARTED

FREE

SIGNUP

There is no setup fee for creating an account. You will have access to the BizzCoin back-office and a referral link. However you will not be able to earn any commissions on a free account, or get any spillover volume. In order to earn commission, you need to buy any one of the available Packages.

BIZZCOIN PACKAGES

When you buy a BizzCoin Package, you get access to BizzTrade Academy where you learn about Forex Trading and Cryptocurrency. You also get BizzCoins (BIZZ); the number of BIZZ depends on its value in our system, at the time of purchase. E.g. if price of BIZZ is €0.33 and you buy a Pro-Business Pack (€1,000), then you will receive 3,000 BizzCoin (BIZZ) in your back-office. There is a one-time €10 Activation fee with the purchase of every pack. You may choose up five Packages on one account. You can buy the Packages at different times, however once you buy any Package, the next Package you buy can only be of the same or higher value.

Each Package you buy is an individual entity and you will see separate credentials for them on your dashboard. This includes Package Name, Amount, Remaining Weeks and Total Profit Share earned from the Package.

Any Package you buy goes into an incubation period of 52 weeks. You are eligible to earn commissions and bonuses accumulating to a value of up to four times your Package Value. Upon earning four times, your Package would expire, along with the BIZZ in it and in order to continue to earn, you would need to buy a new Package. In the scenario that you are not able to earn four times of your Package value, during the incubation period, your Package would mature and your BIZZ would be released to you.

You can earn up to seven different types of income with BizzCoin. These incomes have been divided into two broad categories, Passive and Active Income.

Up to **10%**
Monthly

PASSIVE INCOME

As your BizzCoin Package is incubated for 52 weeks, you become eligible for earning a passive income of up to 10% monthly, depending on your Package. The company shares a percentage of its profit with you, five days a week, Monday to Friday. In order to earn this profit, all you need to do is to click on the 'Profit Share' Cogwheel against your Active Packages and the Cogwheel will turn green and start rotating. The Cogwheel can only be turned on each Monday and will turn off automatically on every Friday at midnight, UK (GMT) time. Each week you earn profit share the number of "weeks remaining" will reduce by one against your Package. If you do not turn the Profit Share on, profit for the week will not be paid and also the 'number of weeks remaining' will not reduce. All the profits are paid in BIZZ.

TYPE OF INCOMES

Any time a BizzCoin Package is sold through through your personal referral link, you get 10% of his or her Package value. E.g. someone buys a Pro-Business Package (€1,000), you get a bonus of €100. Your back-of-ffice will be credited with the number of BIZZ depending of that day's price. E.g. if the price is €0.30, you shall receive 300 BIZZ as commission. Please note that if you withdraw the commission, and sell it later, when the price has increased (e.g. price of BIZZ is €1) then the actual value you will get will be higher (€300). However this increase in value would not have impact on your 400% limit.

RANKS & REWARDS

■

5

TYPE OF INCOMES

Ranks & Rewards are bestowed upon members based on the points achieved in their organisation, total of Left and Right teams, every calendar month. These points and rewards are independent of any other Commissions or Bonuses.

1 point is €50 matching pair in Right and Left Team. Points are calculated on the new volume every month in both Teams.

If you have spill over volume (volume that has been added to your back office by the virtue of your upline's work and not your own efforts) in any of your teams, Left or Right, you must personally contribute a minimum of 10% of the volume through your Direct or Indirect members.

CONTINUE ON NEXT PAGE

For example: in your Right Team you have €1000 volume from spill over and you have €50 volume in your Left Team through your Direct Referral or from their Referrals up to any level. That means you should get 1 point on matching pair of €50 but you won't get that unless you have minimum of 10% volume from your own team in the Power Team. In this case if you had €50 volume in your Power Team through your referrals (direct or indirect) the whole €1000 volume will count towards the point achievements. €1000 volume matched which can give you 20 points. Points may show even without having 10% from the Power Team showing the progress and indicating how much more is required from Power Team for the points to be Valid.

NOTE:
